Cleansweep was established in 1993 (Perth), this dynamic company offers a **24 hour 7 days a week** sweeping service.

Servicing Private Enterprise, Government Agencies, and Local Government Authorities

Our operations are backed up by a fully equipped workshop which provides **programmed services** to minimise machine downtime, allowing Cleansweep to deploy fully maintained road sweepers at all times.

The Cleansweep team is focused on **Safety** and has in place a safety management system , offering risk minimisation and end user satisfaction through providing a safe work environment for its employees , clients and the public .

Facility

Located in Bellevue our operation has a large open yard to garage all our vehicles, complete with offices and workshop.

Our mechanical workshop, maintains our fleet with regular servicing and preventative maintenance.

Personnel

The group is led by a management team with extensive industry experience..

All our drivers are licensed and experienced in **providing sweeping solutions** , with both large and small sweepers.
