## Deferral due to risk of conflict

TRAFFIC sign and street sweeping company The Traffic Group has deferred its \$5 million capital raising to try to avoid any potential conflict of interest from the use of the money.

TTG was offering 25 million shares at 20 cents each in an initial public offer.

TTG said yesterday it was deferring the offer until after the general meeting and annual general meeting of rival traffic services provider Traffic Technologies on October 27.

TTG managing director Con Scrinis is a former joint managing director of Traffic Technologies and is still a major shareholder of that company.
